# OUR PROGRAMS

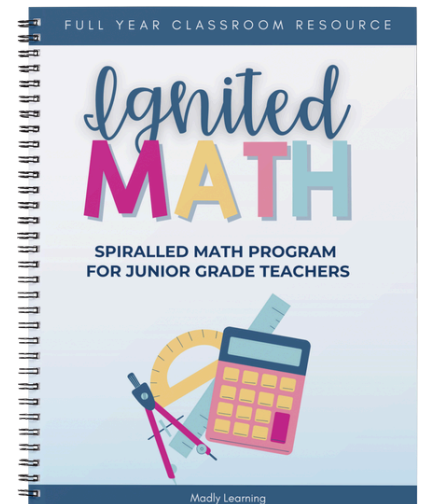

## Ignited LITERACY

Ignited Literacy blends structured literacy with inquiry-based instruction to help students grow as readers and writers. Aligned with Canadian curriculum, it develops skills, confidence, and creativity through engaging, ready-to-use lessons.

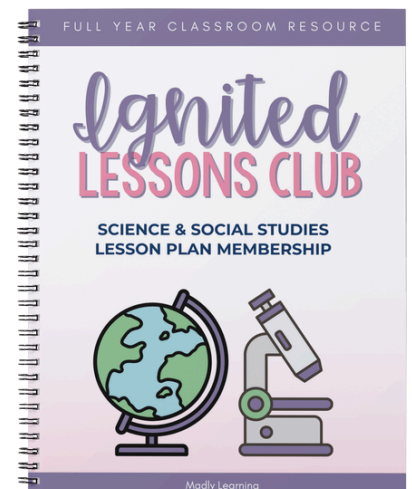

## Ignited MATH

Ignited Math is a curriculum-aligned program for Canadian schools. With structured lessons, interactive activities, and supports for diverse learners, it builds strong foundations in mathematics while saving teachers planning time.

## Ignited LESSONS CLUB

Ignited Lessons Club offers a library of Science and Social Studies lessons for grades 3–6. Inquiry-based and culturally relevant, the program engages students in meaningful learning while providing teachers with time-saving, curriculum-aligned resources.

# Ignited MATH

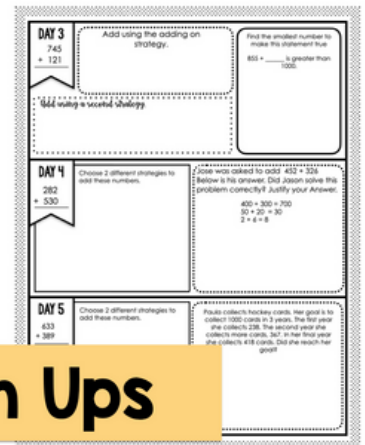

## PROGRAM FEATURES

- 1. Curriculum-Aligned Content:** Our resources are meticulously designed to align with the Ontario mathematics curriculum, ensuring that students receive relevant and impactful learning experiences.
- 2. Interactive Learning Modules:** Through dynamic interactive modules, students can engage with mathematical concepts visually, intuitively and practically.
- 3. For Teachers By Teachers:** We know what teachers need because we are teachers. Unlike big curriculum companies, we create lessons, tools and resources that teachers will actually use. Our programs build capacity and teacher confidence through our supportive learning communities.
- 4. Comprehensive Assessment Tools:** Educators can access a suite of assessment tools, including weekly formative assessments, student self-reflection journals, project-based learning tasks and unit assessments that help teachers triangulate their data to make informed choices.

# Ignited MATH

GRADES 3-6

\*Ignited Math is a robust program designed to enhance the teaching and learning of mathematics for students in grades K to 6. This comprehensive curriculum is crafted to make math engaging, accessible, and effective for both students and educators.

## Comprehensive Curriculum

Ignited Math offers a year-long curriculum with detailed lesson plans that cover all necessary math concepts. Each lesson is carefully structured to build on previous knowledge, ensuring a solid foundation and progressive learning. The curriculum is aligned with educational standards, providing teachers with a reliable framework for their instruction.

## Differentiated Learning

Recognizing the diverse needs of students, Ignited Math includes resources for differentiated instruction. This means that whether students need more support or are ready for advanced challenges, the program provides appropriate materials to meet these needs. Differentiation ensures that every student can succeed and grow in their mathematical understanding.

\*

## \*Engaging and Hands-On

Ignited Math emphasizes hands-on learning and real-world applications of math concepts. By incorporating interactive activities and practical examples, the program helps students see the relevance of math in everyday life. This approach not only makes learning more enjoyable but also deepens students' comprehension and retention of mathematical ideas.

## Teacher Support

The program includes extensive resources for teachers, such as lesson plans, assessment tools, and professional development opportunities. These resources are designed to reduce preparation time and support effective teaching practices. Additionally, Ignited Math offers digital access and tools, making it easy for teachers to integrate the program into their daily instruction.

**Get a Math program that teachers actually want to use. Designed by teachers who know the needs and realities of actual classrooms**

## Building Confidence

Ignited Math aims to build students' confidence in their math abilities. By providing clear, step-by-step instructions and opportunities for practice, the program helps students develop a positive attitude toward math. This confidence is crucial for their long-term success in mathematics and other academic areas.

## Collaborative Learning

The program encourages collaborative learning through group activities and discussions. These collaborative efforts help students develop problem-solving skills and learn to work effectively with others. Building a classroom community where students support and learn from each other is a key component of Ignited Math.

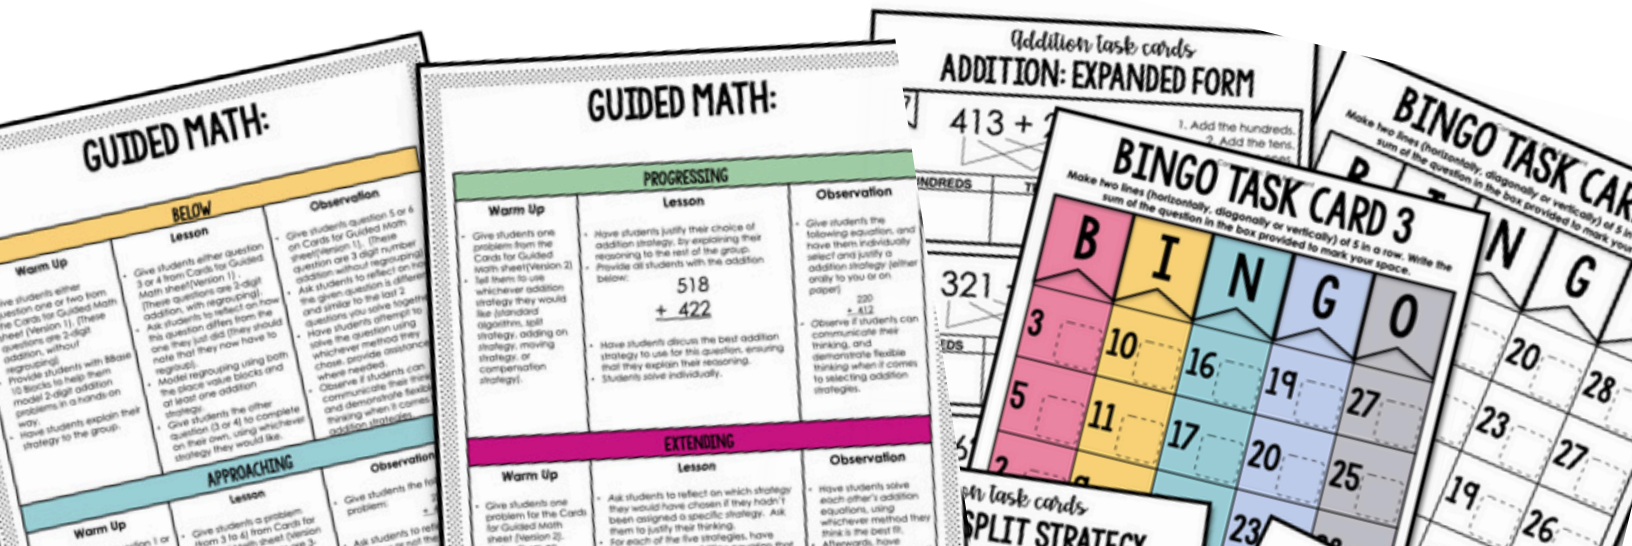

## Evidence-Based Results

Classrooms using Ignited Math report significant improvements in student performance and engagement. Teachers and students alike have found the program to be effective in making math understandable and enjoyable. These positive outcomes demonstrate the program's impact in real-world educational settings.

## More Time Teaching, Less Time Planning

Ignited Math is designed to reduce the time teachers spend on lesson planning, allowing them to focus more on teaching and building relationships with their students. This enables educators to engage in deep and critical work, getting to know their students and tailoring learning to meet their individual needs.

Ignited Math offers a comprehensive, engaging, and effective approach to math education. Its well-structured curriculum, emphasis on differentiated instruction, hands-on learning, and extensive teacher support make it an excellent choice for enhancing students' mathematical skills. For more information, visit [www.ignitedmath.ca](http://www.ignitedmath.ca)

# FEEDBACK

## FROM OUR TEACHERS

My math program before Ignited Math was disorganized. I had to scrounge to find resources, pages to photocopy, and things to try to cover the expectations. I didn't have a discernible long-range plan other than covering "time" or "money," and I certainly didn't track which expectations I was able to cover with each unit.

With Ignited Math, my math program was organized. I knew exactly what I was teaching and when. I knew what I needed to evaluate every few weeks with the math projects and assessments. I knew exactly what each day looked like. My students learned the routines right away: math warm-ups, the lessons and the centres. This made it SUPER easy to leave quality work for when an occasional teacher was in my room and not just leave "busy work" because my students knew the routine.

Ignited Math is worth every penny. It covered every single expectation in the 2020 curriculum. My students knew the routine of our warmups and centres, which helped with behaviour management and Occasional teacher day plans. The lessons were interesting and engaging, and the students loved their daily centre time. The students also loved showing off their learning in the math projects for each unit, and the parents enjoyed the regular feedback on the math projects and assessments. I would 100% recommend using this program

# Ignited LITERACY

Grades 3-6

Get high impact literacy instruction that is designed by teachers for teachers and used in over 1000 classrooms across Canada.

\*Ignited Literacy is an innovative program designed for grades 3 to 6, offering a comprehensive and engaging approach to teaching language arts. Here are the key features and benefits of this program.

## Structured Curriculum

Ignited Literacy provides a well-structured, year-long curriculum that includes detailed weekly lesson plans. These plans cover reading, writing, and critical literacy, ensuring that students build and retain their skills over time. The curriculum's spiral design allows for the continuous reinforcement of key concepts, which is essential for effective learning.

## Differentiated Instruction

The program includes differentiated guided reading texts and independent student centres, catering to diverse learning needs and reading levels. This differentiation ensures that all

students, whether they need extra support or additional challenges, can benefit from the program. By tailoring resources to various learning styles, Ignited Literacy fosters an inclusive classroom environment.

## Student-Centred Learning

Ignited Literacy emphasizes student choice and the writing process, moving away from rote memorization towards a more engaging learning experience. Students are encouraged to select their reading materials and topics for writing assignments, which boosts motivation and participation. The program also focuses on the writing process, promoting drafting, revising, and editing to enhance students' writing skills and understanding of continuous improvement.

## User-Friendly Resources

Teachers benefit from digital access and an accompanying app, ensuring that resources are

**The program includes everything a teacher needs to deliver effective lessons, from detailed lesson plans to assessment tools.**

always at their fingertips. The program provides everything needed for effective instruction, including lesson plans and assessment tools. This comprehensive support reduces preparation time for teachers, allowing them to focus on delivering high-quality education and supporting their students.

## **Professional Development**

Ignited Literacy offers professional development and ongoing support for teachers. This includes training on how to implement the program effectively and assistance with any challenges that may arise.

## **Community Building**

The program encourages collaboration and discussion among students, fostering a sense of community within the classroom. These activities help students learn from each other and develop important social skills. Ignited Literacy excels in creating this atmosphere.

## **Proven Effectiveness**

Classrooms using Ignited Literacy report significant improvements in student engagement, reading comprehension, and writing skills. These

positive outcomes highlight the program's impact and effectiveness in real-world educational settings.

## **Accessibility and Inclusivity**

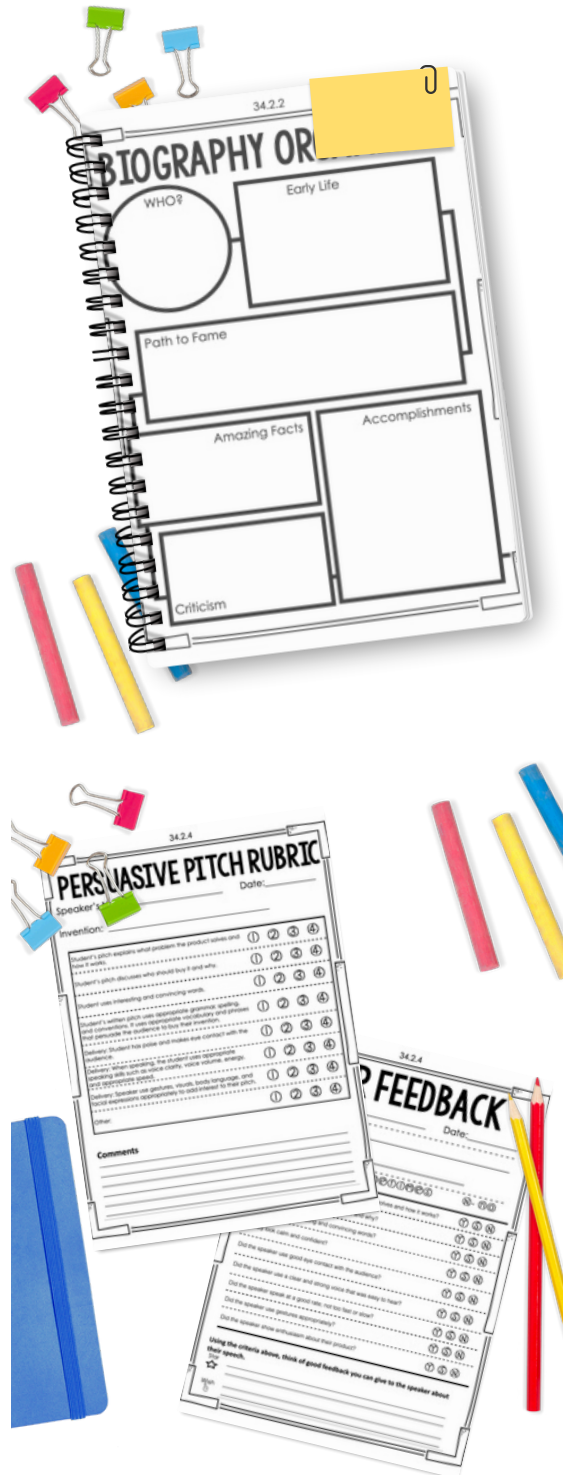

Designed to be adaptable, Ignited Literacy works well in various classroom settings, including traditional, virtual, and hybrid models. This flexibility ensures that the program can meet the needs of diverse educational contexts, making it a valuable resource for teachers everywhere.

Ignited Literacy offers a comprehensive, engaging, and effective approach to language arts education. Its structured curriculum, differentiated instruction, student-centred learning, and extensive teacher support make it an excellent choice for educators aiming to enhance their students' literacy skills. For more information, visit [www.ignitedliteracy.com](http://www.ignitedliteracy.com)

# Ignited LITERACY

## PROGRAM FEATURES

1. **Curriculum-Aligned and Adaptable:** Our resources are meticulously designed to align with the language arts curriculums across Canada, including Ontario, Alberta, BC and Nova Scotia. They are continually updated to ensure alignment with research and current pedagogies such as the Right to Read report, providing educators with the reassurance that they are always up to date.
2. **Comprehensive and Practical:** the reality is that how we teach language arts has changed. Hence, you need a program that gives high-impact teaching and supports the teacher in understanding why and how we teach concepts. Building capacity through supportive instructional practices and a thriving community of Canadian educators.
3. **Integrated Approach :** Too often teacher approach language arts as separate lessons for reading, writing, oral language, spelling/morphology. But Ignited Literacy integrates learning so students see the natural connections between idea.

# FEEDBACK FROM TEACHERS

Here from our happy Ignited  
Literacy teachers on how they like  
this program and the difference it  
has made in their classroom!

Megan L.  
January 7, 2023

★★★★★ Extremely satisfied

I cannot describe how much I like this resource. I teach on reserve, and like many children on reserves, my students significantly behind in literacy. This literacy bundle helped me spiral my teaching and broke everything down to provide scaffolding. between September and December, most of my students saw a 4 level increase in reading (F&P) including a child who had been testing at the same reading score for 3 years straight. This was despite a late start and a few shutdowns for covid. The only downside for me is accessing the books (which is not the programs fault!) as some are too old to be sold in store and we do not have consistent internet capabilities in the north to access them online. I have tried multiple literacy programs in the past, but this is the only one that has proven successful for my students.

Sarah G.  
April 29, 2023

★★★★★ Extremely satisfied

I really like this resource. It has transformed my writing program and really increased student engagement. I like that each week has a mentor text and that all the lessons were well laid out. This has been one of the best TPT purchases I've ever made.

Leanne Kelly (TPT Seller)  
August 30, 2023

★★★★★ Extremely satisfied

A very thorough unit. Everything you need for a comprehensive language program. It was easy to follow, well-organized, visually appealing. My students were very engaged with the different weekly readings.

Sharron H.  
February 7, 2023

★★★★★ Very satisfied

I can't say enough about this resource for language curriculum. Well laid out, follows a monthly focussed topics and character traits. Enjoyable for students with great picture book themes. Well balanced across LA curriculum.

Elizabeth W.  
August 31, 2022

★★★★★ Extremely satisfied

I am so relieved that I found this resource and so excited to use it. I like that each component is explained in detail. It's great that there are specific read alouds chosen. It just takes so much pressure off my plate especially as I'm teaching grade 5 and I haven't taught in a while. I am so excited about this. Thank you for doing all the legwork for me! I love that it aligns with my curriculum (Ontario).

Nancy L.  
February 28, 2022

★★★★★ Extremely satisfied

Love, love, love this resource!! It makes teaching Language so much easier. Everything you need all in the same place.

## PROGRAM FEATURES

### 1. Curriculum-Aligned Content:

- Our lessons are carefully designed to meet the Ontario Science and Social Studies curriculum, providing students with meaningful, inquiry-driven learning experiences.

### 2. Inquiry-Based Teaching:

- Built on constructivist philosophies and high-yield strategies, our resources go beyond worksheets to engage students in critical thinking, collaboration, and authentic problem-solving.

### 3. For Teachers by Teachers:

- We know what teachers need because we are teachers. Unlike large curriculum publishers, our lessons are practical, adaptable, and designed to save planning time while building teacher confidence and capacity.

### 4. Comprehensive Lesson Library:

- Schools gain access to a continually growing library of over 250 lessons, allowing teachers to select and adapt materials that best fit their classrooms while ensuring consistency and quality across grades.

# Ignited

## LESSONS CLUB

SCIENCE & SOCIAL STUDIES

GRADES 3-6

Ignited Lessons Club is a comprehensive program designed to enhance the teaching and learning of Science and Social Studies for students in grades 3 to 6. This robust library of lessons makes inquiry-based learning engaging, flexible, and effective for both teachers and students.

### Comprehensive Curriculum

Ignited Lessons Club offers a full year of detailed, curriculum-aligned lesson plans that address all key concepts in Science and Social Studies. Each lesson is structured to build progressively, ensuring students develop both foundational knowledge and higher-order thinking skills. The program provides schools with a reliable framework while still giving teachers flexibility in how lessons are delivered.

### Differentiated Learning

The program includes resources that support a range of student needs, from those requiring additional scaffolding to those ready for deeper exploration. Differentiated options allow teachers to adapt activities so every student can succeed and grow in their understanding of scientific inquiry and social responsibility.

### Engaging and Inquiry-Based

The Ignited Lessons Club emphasizes inquiry-based and constructivist learning over rote memorization and worksheets. Lessons invite students to ask questions, explore, and collaborate, while hands-on activities and real-world connections deepen engagement. This approach ensures students not only learn facts but also develop critical thinking, problem-solving, and communication skills.

### Teacher Support

Educators receive comprehensive resources, including lesson plans, assessment tools, and access to a growing library of over 250 lessons. These resources save valuable planning time and support best practices in instruction. Teachers are equipped with everything they need to integrate the program seamlessly into their classrooms.

**Science and social studies lessons should engage students in authentic learning experiences.**

## **Building Confidence**

The program is designed to help students build confidence as independent learners. Through guided inquiry, reflection opportunities, and structured activities, students develop both subject knowledge and transferable skills. This confidence extends beyond Science and Social Studies into other areas of learning.

## **Collaborative Learning**

Ignited Lessons Club promotes collaboration through group tasks, discussions, and project-based learning. Students learn to work together, share perspectives, and apply their knowledge in meaningful ways. These experiences foster a sense of community and prepare students for active citizenship.

## **Evidence-Based Results**

Teachers using Ignited Lessons Club report stronger student engagement and deeper understanding of complex concepts. The program has proven effective at making Science and Social Studies meaningful and relevant, improving both student outcomes and teacher satisfaction.

## **Cultural Relevance**

The program integrates Canadian-specific contexts and culturally responsive practices to ensure all students see themselves reflected in the curriculum. Lessons highlight diverse perspectives, Indigenous knowledge, and global issues, helping students develop empathy, respect, and awareness of the world around them. By embedding cultural relevance, Ignited Lessons Club supports equity and inclusion in every classroom.

## **More Time Teaching, Less Time Planning**

Ignited Lessons Club is designed to give teachers back their time. With ready-to-use, inquiry-driven lessons, teachers spend less time searching or creating resources and more time connecting with students. This balance helps create classrooms where critical thinking and curiosity thrive.

Ignited Lessons Club offers a comprehensive, engaging, and effective approach to Science and Social Studies education. Its curriculum alignment, focus on inquiry-based pedagogy, differentiated instruction, and extensive teacher support make it a valuable investment for schools committed to high-quality learning. For more information, visit [www.ignitedlessons.ca](http://www.ignitedlessons.ca)

# FEEDBACK

## FROM OUR TEACHERS

### High Engagement and Time Savings

"Absolutely love these resources!! This has helped so much with teaching a split grade and helping combine and approach units together. Saved me so much time!! Highly recommend." – Grade 4/5 Teacher

### Consistent Quality Across Units

"Our full-year Science and Social Studies Inquiry Units have been rated 4.8/5 across dozens of reviews. Teachers consistently note that lessons are engaging, easy to use, and perfectly aligned with the curriculum."

Practical and Reliable for Classrooms

"These resources are incredible. They provide everything I need to meet expectations while giving me the flexibility to adapt lessons for my students." – Grade 6 Teacher

### Building Teacher Confidence

"I feel more confident and prepared using these lessons. They save me hours of planning and allow me to focus more on teaching and connecting with my students." – Grade 3 Teacher

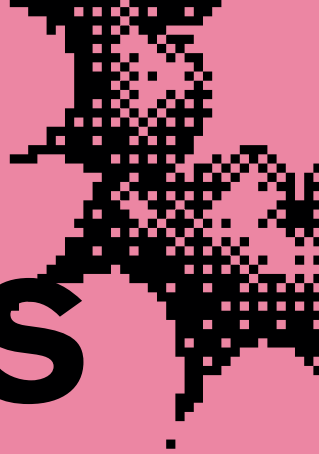

### Backed by Thousands of Reviews

With nearly 10,000 positive reviews across our store, Madly Learning programs have earned an average rating of 4.8 out of 5. Educators across Canada agree: our inquiry-based, curriculum-aligned lessons are practical, engaging, and effective.

# SCHOOL MEMBERSHIPS

1

## Classroom Membership

A classroom membership is licensed to a single teacher and their students. It provides access to the program's resources for use only within that one classroom. It is non-transferable, meaning if the teacher changes grades or leaves, the membership stays with that classroom teacher.

2

## School Membership

A school membership is purchased by the school and can be assigned to different teachers as needed. This makes it transferable between staff and more flexible for principals managing coverage, staffing changes, or split classes. Because of the broader licensing rights, school memberships are priced higher than classroom memberships.

Membership Type	Classroom Membership (Annual)	Transferrable Membership (+50%)	Bulk Membership 10+ (+35%)
Single Subject	\$389	\$579	\$525
All Subjects	\$779	\$1,169	\$1,049

A transferrable licence is owned by the school, not the individual teacher. It allows the school to reassign the membership to a new teacher if staffing changes, but it cannot be used by more than one classroom at the same time. Each classroom still requires its own membership.

# PURCHASE A SINGLE MEMBERSHIP
